I am a Computer Science undergrad in my final semester. I bring to the table an eagerness to learn as well as a strong work ethic. I have a background in manufacturing and CNC programming from my work experience prior to college, giving me a different background than traditional Computer Science graduates.

EXPERIENCE

FEBRUARY 2014 – AUGUST 2020

MACHINIST, ALLEN AIRCRAFT, RAVENNA, OHIO

- Programmed CNC Lathes and Mills
- Setup CNC lathes and Mills for production

EDUCATION

JANUARY 2017 - CURRENT

B.S COMPUTER SCIENCE, KENT STATE UNIVERSITY

- Currently in final semester towards a Bachelor of science degree in Computer Science
- 3.00 Overall GPA

RELEVANT COURSEWORK

- Computer Science Math
- Databases
- Web Programming I and II
- Computer Architecture
- Computer Communication Networks
- Structure of Programming Languages
- Design and Analysis of Algorithms
- Big Data Analytics
- Data Structures
- Programming patterns
- Software Engineering
- Operating Systems

SKILLS

- Program, set up, operate, and monitor, CNC mills and lathes
- Web Programming
- Object Oriented programming
- Basics in C++, python, SQL, PHP, C#
- Django, Bootstrap

ACTIVITIES

I enjoy spending time outdoors. I love technology from building PCs to running CNC machines like lathes and 3D printers.
